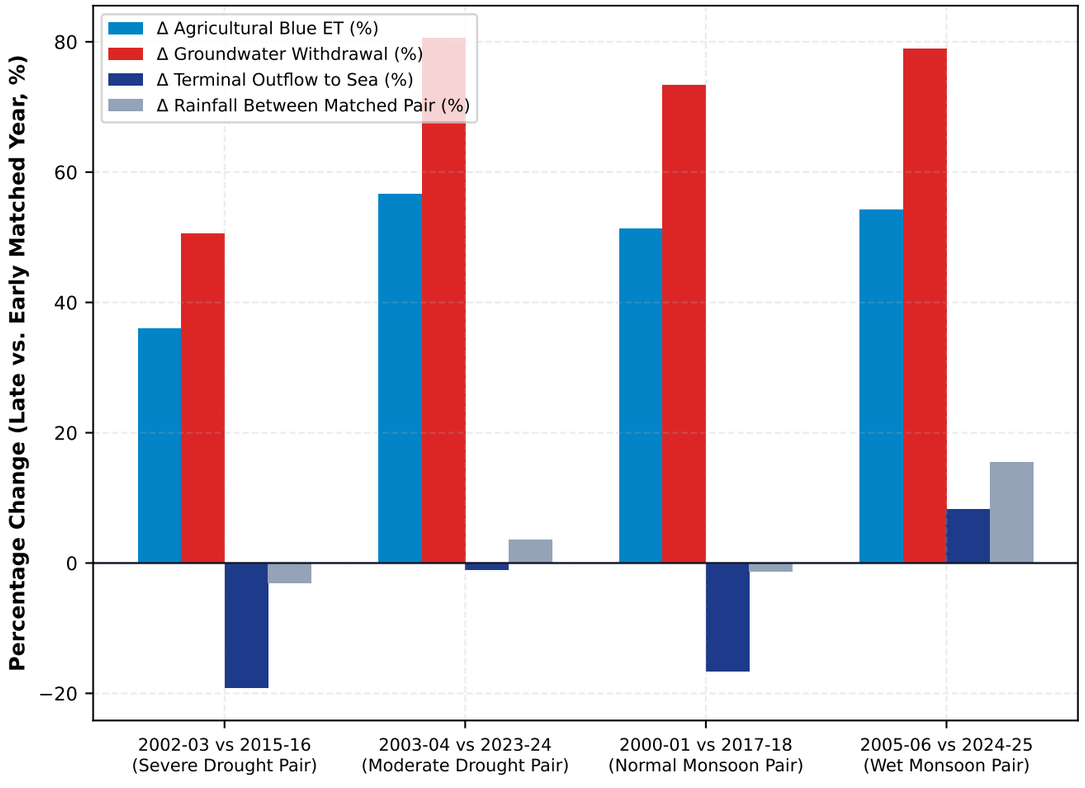
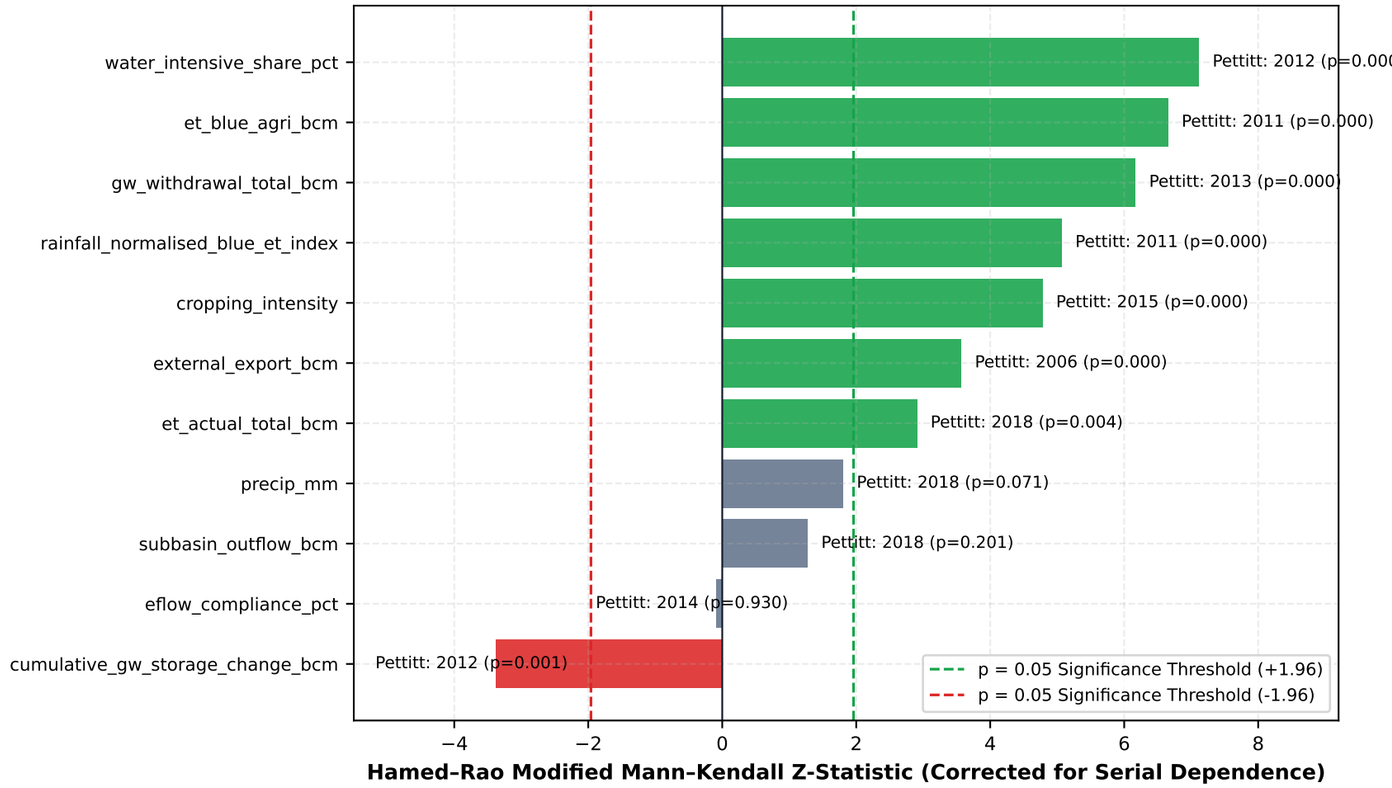
CLIMATE VARIABILITY VS. ANTHROPOGENIC ATTRIBUTION: MATCHED-RAINFALL PAIRS & HAMED–RAO TRENDS

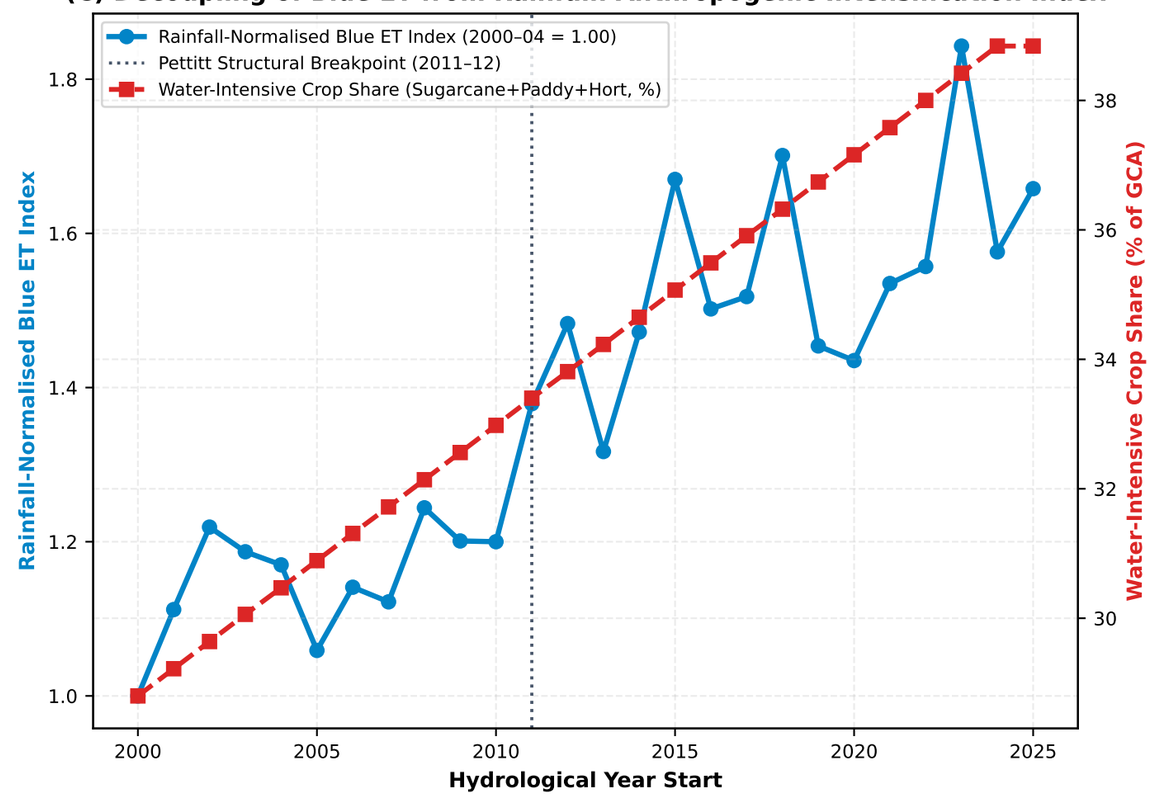
(A) Controlled Matched-Rainfall Year Experiment: Isolating Anthropogenic Structural Shift

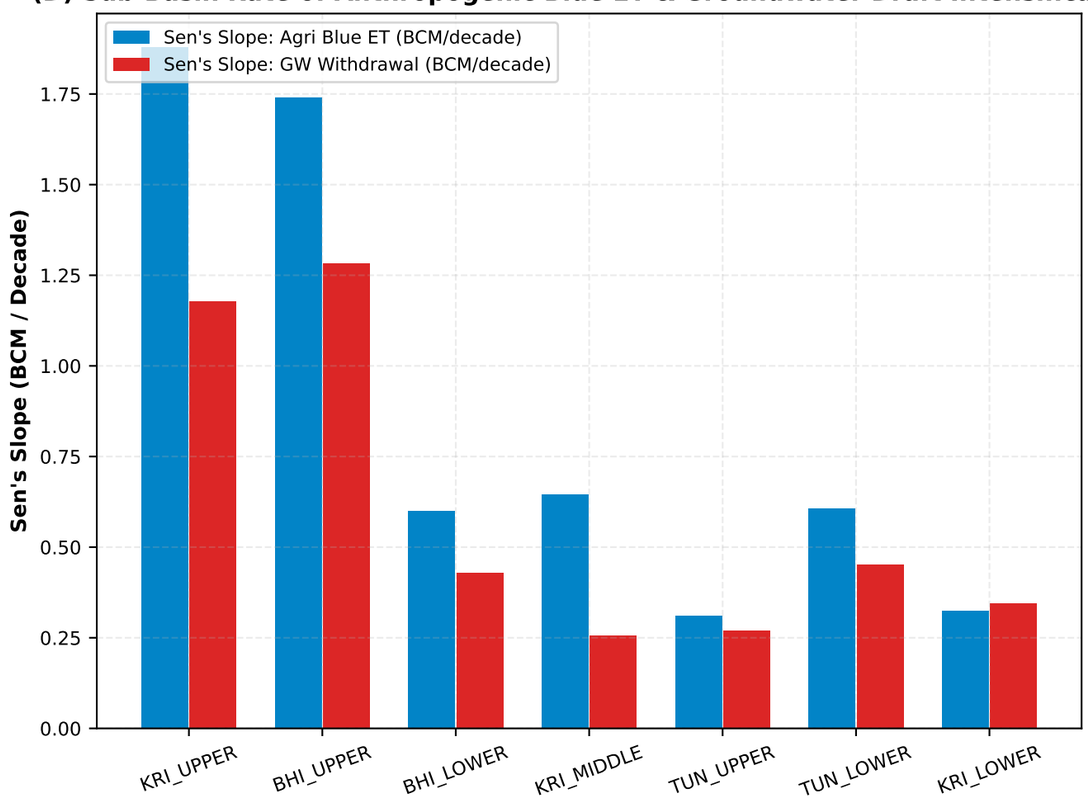


(B) Basin-Wide Hamed–Rao Trend Significance & Pettitt Regime-Shift Change Points



(C) Decoupling of Blue ET from Rainfall: Anthropogenic Intensification Index





(D) Sub-Basin Rate of Anthropogenic Blue ET & Groundwater Draft Intensification
